	Ag	e(in years	;) : 60	Ŧ		٥
		Show/ Saved	hide widget dashboard	l layout a	as defa	ult
Edit		Lock	a settings	all users	;	
file						
No *	93					

2.4. The widget will appear, here select the ticked box only

Select widgets to show			
Current selections			
Timeline Data Entry			
Tabular Data Entry			
Enrollment			
Feedback		Use as top bar	
Indicators		Use as top bar	
Messaging			
Notes			
Profile		Use as top bar	

3. Error During Registration

3.1. Import Summary Error

If you the import summary error occurred during TB patients profile registration, it means you probably saved twice or Number was served during internet or electric cut off. For this scenario its recommended to delete the number in Database using TB Patient Deletion tool by enter full number including Region, District, facility and patient number

Go Reports>>>Standard Report>>>TB Patients Deletion tool>>>Enter TB District Number

MINISTRY OF HEALTH

NATIONAL TUBERCULOSIS AND LEPROSY PROGRAMME

TB Patient Deletion Tool

Becareful with the action below, once DELETED you can't UNDO
TB District Number
Example: 01234456-7/KK/2022/9999
□ Am sure I want to delete this patient details
Delete Patient

After filling TB District Number Check the box if you are sure you want to delete that Number

3.2. TB patients Can't open

Selected program Owned by: Mgongo Rural Health Centre Adri new History		Other programs		
Registration Date	Enrolling organisation unit			
2023-02-05	Mgongo Rural Health Centre			
abular Data Entry			~ 0	
	mana annoi from the annolment webpet	Ø		

To reopen click Registration Date >>>>Reopen

4. No event exist in stages and High Number of days

- 4.1. No Event Exist in Stage like Outcome or DR TB Baseline etc
 - Click Plus at the right corner then enter date of event

High/Huge number of days on treatment outcome

That's occurs as results of no date of starting DS TB treatment. So you can edit Profile by filling date of starting DS TB treatment

NB: This happens for TB cases registered before deployment of upgrade DHIS 2 ETL on September 2021

• Q3. Who enter culture results on result for culture stage?

Answer:

• Culture results entered on the zonal laboratory and CTRL.

NOTE: Stage for Specimen request filled on peripheral by the requester of the test. Stages for registration and Result entry (Culture, DST& LPA) filled on zonal laboratories.
